Transparent OLED Touch Signage 30EW5TP-A

See the Unseen, LG Transparent OLED Signage

 Astonishing Transparency

 Intuitive P-Cap Touch

 Color with Great Depth

 Product Reliability

30EW5TP-A

Screen Size	30"
Panel Technology	OLED
Native Resolution	1,366 × 768 (HD)
Brightness	200 / 600 cd/m ² (APL 100% / 25%, Without Glass)
Contrast Ratio	200,000 : 1
Response Time	0.1 ms (G to G), 8 ms (MPRT)
Portrait / Landscape	Yes / Yes

Accurate and Vivid Colors

Featuring self-lighting pixels, the display maintains vivid colors and high contrast ratio even when the display becomes transparent. It brings content to life from wide viewing angles, and the content blends into its surroundings seamlessly and naturally.

Intuitive P-Cap Touch

By adding P-Cap touch sensor film to the display, the utilization possibilities expand to various industries where customer interaction services are demanding. Users could enjoy its fascinating content using their fingertips.

High Transparency

LG's OLED technology makes the Transparent OLED Touch Signage have slimmer structure without backlight unit nor a liquid crystal layer, achieving high transparency even with P-Cap touch film. While clearly showing objects behind the screen, it overlays the relevant information right before them.

Protective Tempered Glass

Touching a display directly can cause damage or scratches. The tempered front glass protects product from such external impacts and its anti-shatter glass is designed to minimize customers' injuries.

Enhanced Spatial Versatility

Experience the extraordinary with the state-of-the-art LG Transparent OLED Signage, which breaks down the barriers between the screen and surrounding environment, seamlessly connecting different spaces and people.

* Installation accessories are not supplied by LG.
